FLOWERS AND PRAISE.

Greensboro Bombarded and Captured by James Young.

The most resplendent star in the American stage constellation, James Young, has captured this city. Handsome and modest, cultured to a finish, his every act and utterance on the stage gleams and sparkles with brightest and most radiant scintillations.

If Greensboro people were pleased and delighted with him in David Garrick, they were enchanted and enraptured last night in The Lady of Lyons. A beautiful and touching story, couched in eloquent words in the rendition of which the actors sailed far out into the golden sea of rhetoric and bathed their pinions in its gleaming sunlight.

The beautiful Miss Rida Louise Johnson, as the Lady of Lyons, is far above the average actress seen in Greensboro. She played to perfection. Mr. Chas. Pierson, as Colonel Damar, played without a fault. In short Mr. Young has grouped about him a company of brightest stars. All who were in the splendid audience last night will wish for the coming of James Young again.

Mr. Young and Miss Johnson were the recipients of many handsome bouquets, the largest and prettiest of which was presented to Mr. Young by President Peacock and the pupils of Greensboro Female College as a token of their appreciation of his visit and lecture at the college.

Tomorrow's Program.

Exercises of the Unveiling of the Cenotaph to Gillies, "Light Horse Harry Lee's Little Bugler Boy," May 6th 1898.

Invocation—Rev. T. M. Johnson, Greensboro, N. C.

Music—High Point Cornet Band.

Presentation of the Cenotaph to the Guilford Battle Ground Company—R. T. Barnhill, Philomathean Society Oak Ridge Institute.

Speech of acceptance on behalf of the company—Z. V. Taylor, Esq., Greensboro.

Music.

The part of young men in the Revolution—W. L. Cridlebaugh, Athenian Society, Oak Ridge Institute.

"The Bugler Boy"—A poem by Mrs. E. D. Hundley, of Greensboro, To be read by Prof. J. A. Holt, Oak Ridge Institute.

Music.

Remarks in Behalf of Alumni—Hon. John R. Webster, Reidsville. Remarks by Distinguished Visitors. Patriotic Songs—Young ladies of State Normal College.

Unveiling Cenotaph—Miss Capel, Greensboro Female College, Miss Holt, Salem Female Academy, Miss McGeehe, State Normal College, Miss Holt, Oak Ridge Institute.

Prof. M. H. Holt, Master of Ceremonies.

Dr. Brooks Wins Highest Mark.

The North Carolina Board of Medical Examiners, which convened in Charlotte last week, completed its session yesterday. There were 92 applicants before the board for license to practice medicine and of this number 60 were successful. It is gratifying to know that one of Greensboro's applicants made the highest general average. Dr. William H. Brooks, of this city, is the fortunate man. Out of a possible 100 points Dr. Brooks, according to the Charlotte Observer's account, scored a general average of 97. With only one exception this is the highest mark ever attained by any candidate in North Carolina.

There were no prizes offered this year except a case of surgical instruments given by the Charlotte Medical Journal to the one attaining the highest mark on anatomy. This was also awarded to Dr. Brooks and his friends and the Telegram extends to him their congratulations.

On Trial for Desertion.

Chattanooga, Tenn., May 4—In Camp Thomas today the court martial appointed by General Brooke continued the trial of Private Willis L. Engleham, charged with desertion. He ran away from Troop C, Third cavalry, before leaving for the south, to see his mother, who lives in Oneonta, N. Y.

Engleham said he had no defence to make other than that he had determined to see his mother before going away to fight, even if it cost him his life. He made no attempt to play upon the sympathies of the court, but his straightforward story was pathetic enough without theatricals, and there is hardly any doubt that his sentence will not be severe.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

ANXIETY FELT ABOUT DEWEY

Believed Report is in President McKinley's Hands

TWO EXPEDITIONS REACH CUBA.

Insurgents Furiously Attack and Force Spaniards to Retreat Leaving a Number Killed.

By Wire to THE TELEGRAM

Washington, May 5—The anxiety about Commodore Dewey in the far off Pacific isles is growing. Secretary Long announces that nothing has been received, although the impression is increasing that there is a message from him in the hands of President McKinley and that it is withheld for reasons best known to the administration. A boat leaving the scene of conflict at Manila on last Monday night should have reached Hong Kong on yesterday.

Today it is semi-officially intimated that Porto Rico will be the next point attacked by our fleets.

Senator Borah, on leaving the executive mansion this morning, said: "We ought to have Porto Rico by tomorrow or Saturday." This remark, it is believed, was inspired.

ONE HUNDRED GUARDS.

New York, May 5—One hundred special guards were placed at the aqueduct to protect that portion of the city.

TWO EXPEDITIONS LAND.

Key West, May 5—The tug Leyden returned this morning after successfully landing two expeditions in Cuba. The first expedition was landed at Santa Clara. Officers immediately hurried into the interior with dispatches for General Gomez. The second expedition disembarked between Havana and Mariel while the cruiser Wilmington was shelling the Spanish cavalry who had been stationed there to prevent a landing. The American and Cuban flags were unfurled together.

An infantry of insurgents under General Balomero Accosta, furiously discharged his guns into the Spaniards and compelled them to retreat to Havana with sixty wounded and leaving behind them sixteen dead.

A large consignment of arms for the Cuban insurgents was also landed.

ORDERED TO SAIL.

Camden, N. J., May 5—The St. Paul this morning received orders to sail immediately.

WHERE IS SPAIN'S FLEET?

Philadelphia, May 5—An Allen line steamer reports that she saw four Spanish vessels off New Foundland last Sunday. A German steamer reports having been chased by Spanish warships.

ST. PAUL TO SCOUT.

Philadelphia, May 5—The St. Paul left Cramps this morning and steamed up to the League Island navy yard and dropped anchor. She will get ammunition there and will coal at Bombay Hook. She will be utilized as a scout along the middle Atlantic coast.

NOT AFRAID OF THE CLIMATE.

New York, May 5—Mrs. Juliet Opie Ayres, of Montclair, N. J., is here preparing to go to Cuba as an army nurse. She is the widow of General Romeyn B. Ayres. Her husband was a distinguished officer in the army of the Potomac and was brevetted major general of volunteers for his gallantry in the Appomattox campaign.

Mrs. Ayres is the daughter of the late Mrs. A. F. Hopkins, of Mobile, Ala., known as the Florence Nightingale of the Confederacy. Mrs. Hopkins established an army hospital in the service of the Confederacy which gave support to a hundred thousand soldiers and was in charge of the hospital work of Lee's army. Mrs. Ayres has lived south much of her time and is not afraid of the Cuban climate. She spent years at the frontier posts with her husband.

PLAN OF INVASION SENT.

Tampa, Fla., May 5—Colonel Lawton, a member of Gen. William R. Shafter's staff sailed from here today for Key West. He carries with him the plan for the invasion of Cuba.

FOR DEWEY'S RELIEF.

Vallejo, Cal., May 5—Admiral Kirkland has received a telegram containing orders to prepare supplies for 2,000 troops for four months. It is probable that the cruiser Charleston will be equipped and will act as a convoy to the troops which will be sent to relieve Commodore Dewey in the Philippines.

SAILED WITH TROOPS.

Tampa, Fla., May 5—The Obnetta sailed this morning with troops, Captain Watson commanding. Other

transports are hastily coaling. A report received from Key West states that Rear Admiral Sampson's orders are to capture Matanzas immediately.

SPANIARD ARRESTED.

Camden, N. J., May 5—A Spaniard was arrested in the ship yard here today. He had on his person the complete plans of the gunboat Princeton.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU. HIGH POINT, N. C., May 5, '98.

Mrs. J. H. Tate left today for Norfolk, Va., to attend the Southern Baptist convention.

Misses Mary and Mina Alexander, two of High Points most popular young ladies, left today for a visit to the Misses McCrary at Lexington.

Dr. Stanton attended the meeting of the Medical society in Charlotte.

Miss Nellie Robertson, of Guilford College, who was visiting Miss Henryanna Hackney during commencement returned home today.

T. M. Montgomery went down to Greensboro today to spend a week visiting friends and relatives.

Mrs. W. H. Ragan and Miss Clara Kirkman are spending the day in Greensboro.

Mr. and Mrs. J. B. Havre, who have been on their bride tour to Washington returned last night, and will spend a few days in the city before going on their trip through South America.

Bascom Hoskins has accepted a position as clerk in Jno. H. Tate's grocery store.

Dr. Kemp P. Battle, of Chapel Hill, was well pleased with his visit to High Point. Not having been here for several years it was interesting to hear him speak of the growth of our city, and the industry and thrift of our people. As he is a full sympathizer with public schools and an exponent of higher education, it was gratifying to our people to hear his opinion of our school. Said he: "I don't think I have ever witnessed a commencement exercises that was more pleasant and that showed greater marks of success." The essays and orations were first class in every respect and would do credit to any college. The graduating exercises were very fitting indeed. Mr. Battle remarked that it was an honor to him to mingle with people so thoroughly alive to education and business.

Thomasville Talk.

Correspondence Telegram.

Thomasville, May 5th.

Elder H. Morton has opened a shop in the Leach block for the manufacture of a patent fly bar for the protection of tables, etc.

J. A. Morris, one of our popular merchants is very ill, he has symptoms of pneumonia.

Dr. C. A. Julian is in Florida attending the burial of his beloved mother.

War talk has the right of way in Thomasville now, politics will boom later on.

About 15 hands are employed building and opening up the old Lator mine. A hoisting engine was put in last week.

Rome Johnson, a former citizen of this place but now of Lexington has lost his mind.

HAWAII'S OFFER.

President Dale Tenders the Islands to the United States.

Honolulu, April 27, via San Francisco, Cal., May 4—President Dole has sent a long communication to President McKinley offering to transfer the Hawaiian Islands to the United States for the purpose of its war with Spain, and to furnish the American ships of war in Pacific waters with large quantities of coal, supplies and ammunition. This action was taken by the Executive after a secret conference of the Hawaiian cabinet called to discuss the position to be assumed by the government toward the two belligerents.

The news of the declaration of war by the United States against Spain was received here today by the Mariposa, which arrived from the Austrian colonies with advices from the United States to the 14th instant.

Favors Annexation.

By Wire to THE TELEGRAM.

Washington, May 5—The sentiment of a majority of the house committee on foreign relations favors the annexation of Hawaii. A vote will be taken next Tuesday in regard to the annexation of Hawaii.

THE DYNASTY ON A PIVOT.

Believed the Overthrow of the Kingdom is Imminent.

MINERS CONFLICT WITH TROOPS

Spanish Agent Distributing Circulars in London Headed: "Why is America Warring with Spain?"

By Cable to THE TELEGRAM.

Madrid, May 5—Today enormous runs are being made on the banks here and depositors are panic stricken. The Cortes is terribly censured. Bermejo Robledo has denounced autonomy and declared in the most emphatic terms that Spain will not be given another soldier or peseta to support it.

Admiral Camara has been ordered to take the command of the Cadiz fleet. The British Ambassador today held a hasty conference with Gullon. The army will not support the repressive measures. Carlists and republicans are openly inciting the garrisons to a revolt. Rioting is reported in many cities and the downfall of the Spanish dynasty is considered as imminent.

NOTHING FROM DEWEY.

London, May 5—The Eastern Telegraph reports that no news has yet been received from Commodore Dewey.

RIOTS IN PORTO RICO.

Kingston, Jamaica, May 4—The governor of Porto Rico has made an urgent appeal to Spain and asks the government to quell the riots which are now occurring in the island.

SPANISH TOMMYROT.

London, May 5—Spanish agents are distributing circulars everywhere with this heading: "Why America is Warring Against Spain." In the circular a quotation from Ex-Minister Phelps to prove that the war is unjustified, legal. It goes on to assert that America menaces England. It ends up with a denunciation of everything American.

CIVIL WAR IN SPAIN?

Madrid, May 5—Eight thousand miners at Murcia, about thirty miles from Carthage, are in conflict with Spanish soldiers and a battle is now raging. Martial law has been proclaimed in Carthage.

ANGLO-AMERICAN ALLIANCE.

Paris, May 5—It is reported that negotiations are now pending between England and the United States, the object of which is to secure the support of England in the event of any continental interference.

RIOTING SPREADING.

Madrid, May 5—The Murcia mob of eight thousand miners, which was headed for Carthage, has been met and repulsed by Spanish troops. A great number of rioters were killed and wounded. Rioting is spreading rapidly. Mobs are trying to burn the railroads and public buildings.

Where is the Depot?

A gentlemen stepped off the Raleigh train here today and walked around through the depot in a bewildered manner. Finally with a look of despair he approached a good-natured looking citizen who was standing near and asked: "Where is the depot?" On being told he was standing in the depot he glanced around with a look of surprise and with a grunt of complete disgust walked off to find a hotel.

Entire Crew Drowned.

St. Johns, N. F., May 4—The schooner Crown Captain Lineham, was lost off here yesterday and her entire crew, eleven men, all married, were drowned. The cause of the disaster is not known.

The sealing steamer Terranova has arrived here with 20,000 seals.

More Sadness.

If Sunday, was, as the Spanish paper says, "a sad, but a glorious day for Spain," she will also have some more sadness and a bigger stock of glory than she can handle when Havana tumbles.—Wilmington Star.

Polo Cast Down By The Defeat.

Toronto, May 4—Senor Polo y Bernabe and his staff are cast down by the latest war news from Manila. Polo has not yet decided upon the day for his departure, but he expects that it will not now be long delayed. Capt. De La Casa, military attache, and Tomas Aguaroni, second secretary, left today for Madrid. They will spend several days in Montreal.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

ON TO THE BATTLE GROUND.

Let There Be a Rousing Turnout at The Unveiling Tomorrow.

The Battle Ground is in a most lovely condition now, the white oak leaves are tender and green and almost full grown. The groves have been raked and swept, the springs are flowing generously, affording cold, refreshing freestone water, flags and bunting, "Old Glory" and the "lone star of Cuba" are draped together.

The weather promises to be fair and inviting. Mr. West will have ices and refreshments so we can all have a good time. Sweet music, sweeter young ladies and gallant young men vie with each other in making happiness complete.

Remember the Bugler Boy who was murdered by a drunken British cavalry. Come let us all talk over Dewey's victory over the haughty Spaniards, will feel good over it.

An Aged Suicide.

Winston, May 4—Mr. Samuel Forabee, one of Winston's oldest citizens and for many years a wagon manufacturer, shot and fatally wounded himself at 4:30 o'clock this morning with a pistol. He intended suicide. He is not expected to live through the night. His left side is paralyzed and he had three convulsions today. When asked by his wife why he shot himself, he replied: "Don't know." These were the only words he has spoken. The cause of the trouble was grief over financial matters. There is a debt of more than \$3,000 on his home place, and it is advertised to be sold.

THE MARKETS.

Closing Quotations by Private Wire to W. A. Porterfield & Co.

Children

Are Important

Customers in our estimation, when they are sent to us on a trading errand, we always remember that they are not discriminating buyers, and we take special pains to see that they get what both you and they want.

Then we always try to be prompt in waiting on them, there is always a little worry at home when they are sent upon an errand and stay too long, often though no fault of their own.

THE EFFECT ON BUSINESS.

There is some talk of a depression in business owing to the war. There is no reason why a war with Spain should materially effect the business interests of this country. The legitimate effect of the war should be very small indeed. The demands of the conflict will not withdraw from commercial operations either a sufficient amount of capital or a large enough number of men to be appreciable in a country of such magnitude. The more important of our sea-ports seem to be amply protected from attack while the smaller and less secure coast towns do not do business of a sufficient volume to have a depressing effect upon the business of the whole country by reason of diminished sales and purchases. If business men, therefore, will conduct their transactions without reference to the war the war will, for the most part, get itself conducted without injury to them. An other panic at this time would do immeasurably greater harm than Spain would be able to do in a war of five years duration.

Exactly what all observant men had foreseen has come to pass in Madrid. Puffed up by the boast and bombast of the men in power, the populace had been led to expect easy victories over the "American pigs" in every conflict. When it came to be understood then that the squadron at Manila had been annihilated, anarchy which in Spain always lies near the surface, broke out. It will not be at all surprising if the Spanish dynasty shall fall in less than a fortnight unless it is propped by the Powers. Spain has all the elements for a Reign of Terror.

The decision of the government to send troops to Manila would seem to be well considered. Other powers, much more formidable than Spain, will put themselves forward when the day of settlement comes. By the fortunes of war the Philippines belong to the United States and the nation should put itself in a position to make such disposition of them as it may deem best when the proper time shall arrive.

Although they are our foes it is impossible not to feel pity and admiration for the Spanish sailors. The victims of an iniquitous system, they find themselves in a position where no amount of valor can avail them. The Spanish marines at Manila fought heroically but a criminal lack of foresight in preparation had pre-doomed them.

The Governor of the Philippines sent Commodore Dewey word that if he wanted the Spanish ships he must go and take them. The Commodore obliged him.

There is a great deal of talk about what Don Carlos will do. Don Carlos is not likely to do anything. Don Carlos doth sputter and proclaim too much.

Commodore Dewey is to be made an Admiral and Fitzhugh Lee has already been made a Major-General. History will record of the present administration that it did two very graceful things.

Col. Julian S. Carr presented each member of the Durham company with a pipe and a package of tobacco. The colonel was determined that the company should at least see smoke.

We do insist that the esteemed Morning Post straightway declare whether His Excellency will contribute to the gaiety on board the Lily or on the deck of his elephant.

If the cable had been a telephone line instead it would not have been out. No Spaniard would deprive himself of the means of talking.

What has become of the Honorable Johannes Wanamakor and his yardstick brigade?

The war authorities should not forget that even a rat will fight when cornered.

The Spanish Cortez is having a regular old congressional time of it.

General News in a Nutshell.

Under the heading "War News from the Keys" the Galveston Daily News announces that "Spain about to launch six more first-class typewriters."

Edmund Burke's definition of a justifiable war still remains unimpeached. He said: "The blood of men is well shed to redeem the blood of men. The rest is vanity; the rest is crime."

James L. Ross, who has been advocating an alliance between Great Britain and the United States, has written a song on that theme. It is called "Rule, Anglo-Saxia!" and has been set to music.

Mrs. Day, wife of the secretary of state, is the only surviving member of her family. She was the eldest of three children, and she has lost her father, mother, brother, and sister since she became a woman.

The most prominent candidate for the honor of christening the battleship Wisconsin, which will be launched in September, is Miss Alice Rusk, daughter of Col. L. J. Rusk and granddaughter of the late Gen. Jeremiah Rusk.

The Jewish school in Whitechapel in which Lord Rothschild takes such a deep interest is said to be the largest school in the world. It has a staff of 100 teachers, and educates 3,500 children, belonging principally to the poor class of foreign Jews.

Captain Davis, who has been placed in command of the Dixie, is a brother-in-law of Senator Lodge. A son of the senator has obtained a commission as cadet midshipman and will serve on the same vessel. Other near relatives will enlist in the land forces.

Kansas must needs have a finger in every pie. It is now announced that while Lieutenant Rowan, who landed at Matanzas, Cuba, is not formerly of Kansas, his wife was an Atchison girl, and his brother is in command of the Garden City (Kan.) militia.

Shortly before his death Sir Richard Quain presented to the Royal College of Physicians a beautiful bowl, in which had been set all the medals he won at the University of London. The gift was accompanied by two large silver salvers and a costly silver candelabra, fitted for electric lights.

The Svantains, who live in an inaccessible mountain range between the Black and Caspian Seas, are probably the laziest and dirtiest people in the world. They have made no advance toward civilization in 2,500 years. It is their invariable rule to observe holidays four times a week, with saints' days as extras.

Experts who have examined the handsome Persian rug presented to Lord Salisbury by Prince Amir Kahn, of Persia, during the English jubilee festivities, say that it is worth at least \$4,000. The rug has been placed in a black frame of massive design, and will henceforth adorn the premier's private room of the foreign office.

The streets of Manila are so modern as to be quite out of keeping with the general appearance of the town. They are perfectly straight, macadamized and provided with ample granite walks. Of these the Escolta and the Rosaria are the best. In both there are excellent shops, kept principally by Chinese merchants, most of whom come Amoy. Tin-roofed houses line each side of both thoroughfares.

The challenges recently sent by a Spanish officer to General Fitzhugh Lee and Captain Sigbee call to mind the story of a similar message sent to General Putnam by a petty officer during the Revolution. The veteran warrior did not deign to send a written reply, but said to the representative of the would-be duelist: "You go and tell that fellow to go to hell. Everybody knows that old Put's no coward."

A Welsh jury not long ago found a prisoner guilty of the murder of his wife "under great provocation." Counsel for the defense argued that this was equivalent to a verdict for manslaughter; but the judge treated the conviction as one for murder, deeming the additional words to be mere surplusage. The defendant was sentenced to death, but may yet escape on an appeal to a higher court.

Just a week has elapsed since the governor general of the Philippines in his bombastic address to the residents of the islands said: "The squadron of the United States, manned by foreigners, possessing neither instruction nor discipline, is preparing to come to this archipelago . . . pretending to be inspired by a courage of which they are incapable. Vain designs! Ridiculous boasts!" But General Augusti has had time to think it over since then, and it is not improbable that Commodore Dewey's arguments have convinced him of his error.

The Manila Cable.

London, May 3.—Inquiries made at the offices of the Eastern Telegraph company show it has been impossible for any word to have come from Manila since 10 o'clock yesterday morning, London time, when the cable was cut.

The officials of the company, say, that according to their tests from Hong Kong the cable was cut fifty miles from Manila. They think a week, or even a fortnight may elapse before it can be repaired.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at C. E. Holtou's drug store.

One-Cent-a-Word

[Advertisements inserted in this column at one cent per word for each insertion.]

So Tired! So Tired!

Chronic Dyspepsia!

For ten years I had been a severe
sufferer from chronic dyspepsia, which
was pronounced incurable. I was
completely run down, and in the sum-
mer season was not able to do any-
thing and spent a great part of the
time lying down. I could not touch
meat of any kind, or any solid food
whatever, as I could not digest it at
all and had to live on crackers and
light diet. I was very nervous, would
have severe nervous spells, and could
not get any natural sleep. I was so
restless. I suffered all the time from
chronic dysentery, which kept me
weakened down. That was my con-
dition when I determined as a last
resort to try Mrs. Joe Person's Rem-
edy. I had tried so many treatments
and so many patent medicines without
benefit that I had no faith in anything
and had almost made up my mind not
to try another thing, when Mrs. Per-
son came to my house last April and
induced me to try her Remedy. I
bought a dozen bottles. Felt no relief
whatever until I was on the fourth
bottle, when I knew I was getting bet-
ter. I became stronger, got so I could
sleep well and there was no necessity
for me to lie down in the day time. I
took twenty-two bottles before I stop-
ped. My digestion is now perfect, and
I can eat meat, vegetables, and
anything else I want, and as much as
I want. When I commenced the Rem-
edy I weighed 98 pounds, now I weigh
115 pounds. Dysentery perfectly cured,
and it is all owing to Mrs. Joe Per-
son's Remedy. It is everything
claimed for it.

MRS J. ELLA WYNN
Everett, Martin Co, N. C.,

Howard Gardner,

Corner Opposite Postoffice.

WHERE THE CABLE WAS CUT.

Hydrographic Officers at Washington
Say It Was Forty Miles Out.

Washington, May 4.—The Hong-Kong
Manila cable was probably cut 140
miles north of Manila and forty miles
out at sea, measured from the north
end of the island of Luzon," said a
hydrographic officer tonight. "A
very simple device enables the cable
people to determine just where there
has been a break. This instrument is
called a galvanometer. It looks very
much like a pedometer or a cyclome-
ter, only, instead of measuring miles,
the galvanometer measures the de-
grees of strength in the electric cur-
rent.

"When the cable operator at Hong
Kong pounded away at his key, and
no answer came, the galvanometer
was brought into requisition. It
showed that the current was 40 miles
short. It requires just so much elec-
tricity to convey a message 100 miles.
When the galvanometer shows that
only one-half the usual current goes
into the wire, it shows him that the
break is about the middle of the wire;
or 50 miles away. The Hong Kong
operator thus told that the current
was leaving the wire 40 miles short of
its usual destination."

It is supposed that the Spaniards at
the landing station of the cable, when
they learned over the land wires that
Manila had fallen into the hands of
the Americans, put to sea and 40 miles
out they grappled for the cable, hauled
it to the surface, cut it, threw it over-
board the ends of the line. It may
take several weeks to find the break
and splice it.

The Millionaire and His Clerk.

Girard, the infidel millionaire of
Philadelphia, on Saturday ordered
all his clerks to come on the morrow
to his wharf and help unload a newly
arrived ship. One young man replied
quietly:

"Mr. Girard, I can't work on Sun-
day's."

"You know our rules."

"Yes, I know. I have a mother to
support, but I can't work on Sun-
day's."

"Well, step up to the desk and the
cashier will settle with you."

For three weeks the young man
could find no work, but one day a
banker came to Girard to ask if he
could recommend a man for cashier
in a new bank. The discharged young
man was at once named as a suitable
person.

"But," said the banker, "you dis-
charged him."

"Yes, because he would not work
on Sundays. A man who would loose
his place for conscience's sake would
make a trustworthy cashier." And he
was appointed.

Vessels of Spanish Fleet.

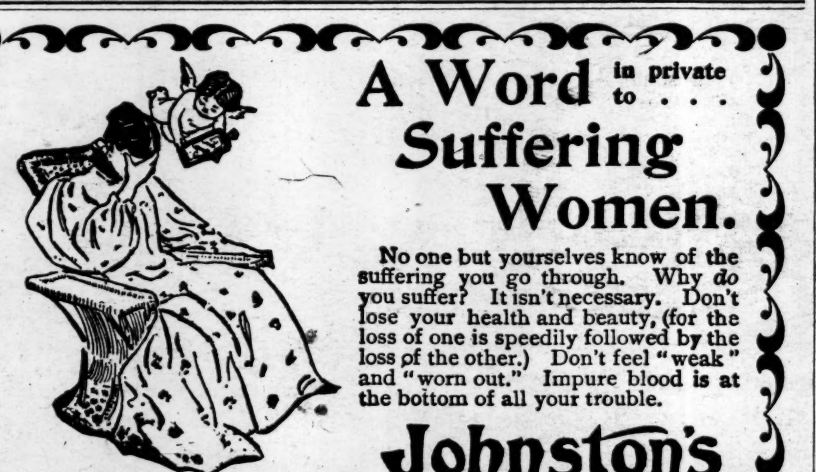

The Spanish squadron now mobiliz-
ing at Cadiz is composed of the fol-
lowing vessels:

Battleships: Pelayo and Numancia;
the protected cruisers Lepanto and
Alfonso XIII; the armored cruiser
Carlos V; the torpedo boat Molina
and the torpedo boat destroyer, De-
structor.

The fleet is composed of some of
Spain's most powerful men-of-war and
it is expected that they will sail short-
ly for the Canaries. Its course from
these islands will be determined by
news from this side of the Atlantic.

Dr. King's New Discovery.

New Life Pills in connection with Dr.
King's New Discovery, as they regu-
late and tone the stomach and bowels.
We guarantee perfect satisfaction or
return money. Free trial bottles at
C. E. Holton's drug store. Regular
size 50 cents and \$1.00.

**A Word in private
to . . .
Suffering
Women.**

No one but yourselves know of the
suffering you go through. Why do
you suffer? It isn't necessary. Don't
lose your health and beauty, (for the
loss of one is speedily followed by the
loss of the other.) Don't feel "weak"
and "worn out." Impure blood is at
the bottom of all your trouble.

**Johnstone's
Sarsaparilla**
QUART BOTTLES.

will purify your blood and bring
the bloom of health back into your
cheeks. Each bottle contains a
quart.

Painful and Suppressed Menstruation, Irregularity, Sterility, Ulcers,
of the Throat, chronic life in the system, and all other ailments of the
female system. JOHNSTONE'S SARSAPARILLA. It is a real panacea for headache, pains in the left
side, indigestion, palpitation of the heart, cold hands and feet, nervousness, sleeplessness,
muscular weakness, bearing-down pains, backache, legache, irregular action of the heart,
shortness of breath, abnormal discharges with painful menstruation, scalding of urine,
swelling of feet, soreness of the breasts, neuralgia, uterine displacement, and all other
symptoms which make the average woman's life so miserable. We have a book full of
health information. You want it—its free.

WILLIAMS, DAVIS, BROOKS & CO., Detroit, Mich.

Liverettes for Liver Ills. The Famous Little Liver Pills. 25c.

Trade supplied by The Merchant's Grocery Company

AT DAWN OF DAY.

Unbroken silence, brilliant eastern skies,
Without a stirring leaf,
Incense from celestial chaises,
Afloat in mid-air brief,
Giving to mortal sight and sense
New beauties, rich and rare,
To the thoughtful mind a moment
For reverent praise and prayer.

Praise for our great Creator,
Prayer for our wayward hours,
Hope for fulfilled promises,
Trust in benignant powers,
Mid awe inspiring silence,
As night shades pass away,
New life in slow procession
Proclaims the dawn of day.
—Clark W. Bryan in Good Housekeeping.

TOBACCO PIPES.

A Medical Authority That Says Clay Is
Preferable to Wood.

If tobacco smoking is justifiable at all
on hygienic grounds, says The Lancet,
it is generally conceded that the pipe is
the least injurious means. But tobacco
pipes differ considerably in material
and shape, both of which must be im-
portant factors in determining the char-
acter of the smoke. Thus there are the
clay, the meerschaum and the various
wooden pipes, the briar, cherry or my-
all. Next to the tobacco, therefore,
which should always be pure and free
from added flavoring, an expedient
which is resorted to far too commonly
nowadays, probably in many instances
to cover an inferior quality of tobacco,
the best kind of pipe is a point to be
considered. Even assuming that he is
smoking good tobacco, the smoker knows
how different in character the smoke is
when drawn from a clay or a wooden
bowl. There is probably a scientific ex-
planation of this fact which must have
some bearing on the noxious or innocu-
ous character of the smoke associated
with other products of combustion.

A soft clay is invariably cool smok-
ing because the acid oils obtained on
the destructive distillation of the tobac-
co are absorbed instead of collecting in
a little pool, which must eventually
either by the volatilization or by me-
chanical conveyance reach the mouth.
A particular pipe "smokes hot" not
necessarily because the temperature of
the smoke is high, but because it favors
the passage by one of these means of
the oils into the mouth. Meerschaum is
another porous material. Again, an old
wooden pipe or briar, so dear to invet-
erate smokers, becomes "smooth smok-
ing" because the pores of the wood
widen and so absorb, as is the case with
clay or meerschaum, a large proportion
of the tobacco oil.

Thus an old pipe "sweats," as it is
termed—that is, the oil intrudes into
the expanded pores of the wooden bowl
and at length exudes. Similarly a hook-
shaped pipe must be better than a pipe
the bowl of which is on the same level
with the mouth, for the simple reason
that in the former a considerable quan-
tity of the oil is kept back in the U
shaped part of the pipe, while in the
latter the oil travels easily down the
stem. Ebony stems are in general ob-
jectionable because they commonly spoil
the true flavor of tobacco smoke. This
is most probably due to the sulphur of
the ebony combining with the volatile
oils in the smoke. We know instances
where ebony stems have produced dis-
tinctly objectionable symptoms in the
throat, most probably for the reason
just given.

Bone or real amber makes a much
more satisfactory stem, or the pipes
should be of wood throughout. Amber
substitutes, and especially celluloid,
should be discarded entirely as danger-
ous, while the flavor of camphor which
these invariably communicate to the
smoke forms a very unpleasant combi-
nation. Pipes of special construction
cannot be regarded with much favor,
such as those which are said to be hy-
gienic and usually contain a so called
nicotine absorber. Those smokers who
require such auxiliary attachments had
better not smoke at all. As a matter of
fact tobacco yields little nicotine in the
smoke produced on its partial combus-
tion. It is mainly to oils of a tarry and
acid character that the toxic symptoms
of tobacco smoking are due.

Ills and Remedies.

Lord Byron, in his reported conver-
sations with the Countess of Blessington,
remarked to her that "medical men do
not sufficiently attend to idiosyncrasies,
on which so much depends, and often
hurry to the grave one patient by a
treatment that has succeeded in another.
The moment they ascertain a dis-
ease to be the same as one they have
known they conclude the same remedies
that cured the first must remove those
of the second, not making allowances
for the peculiarities of temperament,
habits and disposition, which last has a
great influence on maladies." These re-
marks are simple exaggerations of feel-
ing and fact. Byron was no more ena-
mored of the medical profession than he
was of professors of divinity, but he
was an acute observer, and it was inter-
esting to read his views respecting
idiosyncrasies. He judged rightly, very
rightly, of their importance in connec-
tion with the practice of medicine.—
New York Ledger.

Shakespeare's Autograph.

The rarest autographs in the world
are probably Shakespeare's. Only seven
are claimed to exist—three signatures
to his will (two of which are doubtful),
two to conveyances of property, one in
the folio edition of his plays (doubtful)
and one in a translation of Montaigne.
This last is in the British museum and
cost over 300 guineas.

The largest gasometer in the world is
at East Greenwich. When full, it con-
tains 19,000,000 cubic feet of gas. It
weighs 2,300 tons, is 180 feet high, 800
feet in diameter, requires 1,300 tons of
coal to fill it with gas and cost nearly
\$40,000.

Gunpowder was invented by Roger
Bacon, an Englishman who lived in
the thirteenth century, but Germany
claims the merit for several who lived
about 80 years after Bacon's decease.

Clothiers and Haberdashers,

BRIEF LOCAL MATTERS.

Read Ingram's new ad today.
L. B. Johnson, of Charlotte, was here last night.
W. J. Westbrook, of Danville, was here last night.
W. M. Bright, of Raleigh, was in the city last night.
J. D. Church, of Charlotte, was at the McAdoo last night.
Mrs. Weatherly returned to Benaja today after a visit to Mrs. W. G. Crutchfield.
Dr. A. Y. Linville, of Wartown, passed through today en route home from Charlotte.
R. B. Raney, president of the Raleigh chamber of commerce, was in the city this morning.
The Carolina Shoe Company presents and calls your attention to a new advertisement today.

Messrs. Hiatt & Lamb present some penny ads on this page today which it will be worth your while to read.
The Stars and Stripes! Go to the bicycle drill tomorrow night and see the blending of the red, white and blue.

Comfort producers for the hot weather are advertised in The Telegram this afternoon by Wharton Bros.

Mr. Needham will preach on the Second Coming of Christ tonight at the Baptist church, using a chart to represent the ages of the world.

A letter of inquiry was received yesterday at the recruiting office in regard to enlisting. The information was given and a new volunteer is soon expected.

All the riders in the bicycle drill are earnestly urged to be present for practice tonight as this will be the last practice. The drill will be given tomorrow night.

The Guilford Roller Mills Company advertise today for burlap bran sacks. There are no doubt many who have sacks of this kind which are of no use to them and now is the opportunity to convert them into money.

THE GREENSBORO VOLUNTEERS.

Organization and Officers of the Company at Raleigh.

The troops in Raleigh are fast getting ready for service. The company of volunteers sent from Greensboro has been organized and the following are the officers:

R. Percy Gray, Captain.
E. L. Gilmer, First Lieutenant.
John S. Cator, Second Lieutenant.
Officers for all the companies now at Raleigh were also elected and the companies assigned to regiments.

The Greensboro boys belong to the second regiment. The colonel for this regiment has not yet been appointed, but it is believed the Governor will appoint an ex-Confederate soldier.

My Friend From India.

In late years no comedy or farce has attained such a great success as the above named play. The 1,000 performance was given at the Bijou Theatre, New York, on April 27th last. In every city that this comedy has been given words were inadequate to express the success attained.

Many persons will question the attempt of "amateurs" to produce such a success. The reason lies in this. The characters are all clearly drawn, the situations ludicrous in the extreme and the people selected are peculiarly adapted to their roles.

Many traveling men who saw the performance in Danville last week were loth to believe that the company was composed of Danville local talent. This speaks of itself.

The Lake Ironclads.

There are two of these and of them little has been said in the papers so far as I have noticed. Though one is considerably smaller than its competitor, yet its superior and more modern build will, it is expected, more than compensate for this disparity.

Rapid fire pistols will doubtless be used for these tomorrow, (Friday 6th) in the mock naval engagement at Guilford Battle Ground—Yes, I was speaking of Lake Wilfong.

Col. John R. Webster and others will give us first-class talks.

A Big Fish.

Mr. A. C. Rankin caught a German carp this morning about 10 o'clock about six miles from town. The fish was in the mill race and was caught with a seine. The carp is one of the largest ever seen here, being about 30 inches long and weighing 164 pounds. The fish gave Mr. Rankin quite a tussle but was finally conquered and landed. Although this is a big fish story, it is nevertheless true.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

GRAYS DRILL LAST NIGHT.

Great Interest Manifested—Reidsville Wants Twenty-Five Men.

Last night was the first time the Guilford Grays drilled. About twenty members of the company were present with guns and were instructed and drilled for quite a while on East Market street. It was a good drill and the boys seemed eager to learn and paid strict attention to orders and instructions. The company will be regularly drilled hereafter.

Captain Schenk received a letter yesterday from Captain R. G. Gladstone, of the Reidsville Rifles, asking if the Guilford Grays could furnish him twenty-five men so he could complete his company and go with them to Raleigh. As soon as the company is able to hold a meeting an answer will be sent. It is thought, however, that the Grays will send him enough men to complete his company.

Trains to Battle Ground.

To accommodate those who wish to see the first monument ever erected in America to a boy who took part in the Revolutionary war, the C. F. & Y. V. will run trains as follows from this city tomorrow:

Leave Greensboro at 9, 10 and 11:05 a. m. and 4:10 p. m.
Returning leave Battle Ground at 9:30 and 10:35 a. m. and 2:25, 3:30 and 4:50 p. m.
Round trip from Greensboro 25 cts. One way 15 cts.
